Introduction

This reference guide is aimed at any Manager who wishes to assign their RiskMan responsibilities e.g. reviewing Incidents and Feedback Notifications; reviewing Risks; reviewing Quality Activities; to another user or users, if they are away from their duties for an extended period of time e.g. annual leave

What happens if I go on leave or cannot fulfil my RiskMan duties for a period of time?

If you are away from your normal working duties for a considerable period of time, you can delegate your RiskMan responsibilities to another RiskMan user or users from the menu option *My Workspace -> Assign a Delegate*

To delegate your responsibility

1. Press Add Delegate 0

| 🎊 💿 My Workspac | e Management Adr | ninistration Reports Hel | p Log Out | USER: System Manager (Manager) |
|---------------------|------------------|------------------------------|--------------------|--------------------------------|
| Add Delegate | | Manage Delegates | | |
| Add Delegate | Deleoate's Name | Delegation start date | Delegation end dat | • |
| Delegate's Username | | | | |

- 2. Press the **Filter 2** icon
 - Use **one** of the Filter conditions e.g. Enter the user's surname in the **User Name Filter** field and press **Filter List**
- A list of users that match your filter conditions will be displayed in the **Delegate** S List. Select from the list. It is now possible to select a delegate where the username contains a backslash or apostrophe in their username
- Enter the start and end date
 for the delegation period (End Date should be the date you are returning)
- 5. Press Save S
- 6. Repeat the above steps if you wish to delegate to more than one user for the same or a different date period

 The delegated users 3 will be sent an email advising them of the delegation

| | tion Email has been sent. Delegate's Name | Delegation start date | Delegation end date | |

To modify/delete your assigned delegates

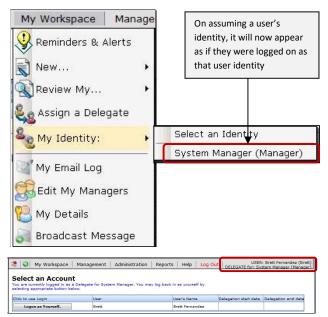

- 1. Click on the **Delegate's Name 0** in the list
- 2. If modifying, change as required and press Update 2
- 3. If deleting, press Delete 6

How does the delegated user look after my <u>RiskMan workload?</u>

The user would log onto RiskMan using their own logon & password, select *My Workplace -> My Identity* and select your user name from the **Select an Identify** list

During the delegation period the user will be cc'ed on all email notifications you receive from RiskMan e.g. Alerts, Journal Alerts, Distribution Lists.

Whilst the user is using RiskMan under your identity, any activity that they engage in with an Incident, Feedback, Risk

or Quality Activity, will be noted on the Review History in a separate column – **Delegated By** (as per example below). In this way it will be clear who was working with that notification at that time

| Date | User | Notes | Delegated By |
|-------------------|--------------------------|---|------------------------|
| 20 Aug 2010 13:49 | System Manager (Manager) | Created the feedback. | |
| 0 Aug 2010 13:49 | | Feedback Administrator Email SENT. | |
