### Introduction

This reference guide is aimed at managers who wish to view or maintain the list of staff who report to them. This ensures the manager receives a notification whenever a staff member reporting to them enters an incident or feedback notification into RiskMan

## How can I view the manager/staff relations of a user in RiskMan?

To view the manager/staff relationships in RiskMan navigate to the Administration -> Manager/Staff -> Staff Hierarchy page

- 1. To view the relationships setup for a user in RiskMan
  - Click on the Filter List ① button and enter your filter criteria e.g. Enter the user's first or last name in the User Name Filter ② field
  - Once you have entered your filter criteria press
     Filter List <sup>(6)</sup>

- 2. Select the user from the Select User ④ drop down list
  - The selected user will appear in the User S column

The users listed in the 4 **Staff o** columns to the left of the **User o** either report directly or indirectly to the selected User.

 If standard Line Manager Notifications are used in RiskMan, the manager in the User S column will receive an email notification from any staff listed directly to the left of the User S column, whenever they enter an incident or feedback notification. If a staff member displayed in any of the other Staff S columns enters an incident or feedback notification the **User (5)** will not be notified by email but will have access to these notifications in their respective Entered Incidents or Entered Feedback pages

- If alerts are used to notify a Line Manager of a notification, then the Manager will only have access to incident and feedback notifications from users who **directly** report to them at the time the incident or feedback notification is entered
- The user in the User S column reports directly and indirectly to the users listed in the 4 Management O columns
  - If standard Line Manager Notifications are used in RiskMan, the manager/s in the column directly to the right of the User S column will be notified by email of any incident or feedback notifications entered by the user in the User S column. All other users in the Management O columns will have access to the incident and feedback notifications entered by this user but will not be notified by email. They will appear in the manager's respective Entered Incidents or Entered Feedback page
  - If alerts are used to notify a Line Manager of notifications, then only the users listed in the Management *i* column directly to the right of the User *i* column will have access to incident and feedback notifications entered by this user

# Can I view the relationships of the users in any of the Staff and Manager columns?

YES - Just click on the user in either the Management or Staff <sup>①</sup> columns and that user will appear in the User <sup>②</sup> column. The manager/staff relationships of that user will now appear in the respective Staff and Management columns
